To Whom It May Concern,

I am writing to express my support for the money that the Panther Grove II wind project would generate in our community. These funds would be of much use to the library and community.

Looking at the projected amounts given to us in the Economic Impact Analysis, the Flanagan Public Library District could receive around \$1.9 million over a 30-year span.

These funds would allow us to expand and improve our facilities, increase benefits for our staff, and ensure our community is receiving the best well-rounded materials and programs.

For an entity that relies mostly on tax funding, receiving a financial boost like this would set the library up for success long outlasting the 30-year span. The library supports the funds this project would generate.

Thank you,

Lauren Mays
